Alaska Outdoors Television (AKODTV) will begin distributing for the first time online, the complete Season One of hunting, fishing and outdoors programming. The first show will be available on Alaska HDTV beginning in October 2009.

**Anchorage, AK (September 21, 2009)** - Perfect Blend Media, LLC and 59th Parallel Productions, Inc. today announces the arrival of Alaska Outdoors Television shows across the Alaska HDTV network of distribution. In a collaborative effort with 59th Parallel Productions, Alaska HDTV will be sharing the entire Season One of shows that were originally aired locally on Fox 4 KTBX Anchorage. AKODTV's Season One was originally shot in HD (high definition) and shares a commitment to high quality local Alaska production.

By expanding the Alaska HDTV brand to include new productions like AKODTV, we are targeting a new audience and attracting new sponsors to support the Alaska experience both online and through our broadcast partnerships. We look forward to sharing another authentic view of Alaska through our collaboration with Alaska Outdoors Television.

### About Alaska HDTV

Alaska HDTV is product of Perfect Blend Media, LLC an Alaska company based in Anchorage, Alaska. Alaska HDTV is a series of shows produced in high definition - dedicated to sharing the Alaska experience with a global audience. Website: [www.alaskahdtv.com](http://www.alaskahdtv.com)

### About Alaska Outdoors Television

Produced by 59th Parallel Productions Inc., Alaska Outdoors Television is Alaska's premiere fishing, hunting and extreme outdoor recreational television series transports the viewer from outside the screen to inside the adventure through half hour programs.
